

# Attendance Policy

---

Commitment to a team is pivotal for the experience of all team members, coaches, and families. Commitment is used as a factor in our player placement process.

- Practice – Players are expected to attend one of their two practices/week.
- Games – Players are expected to attend 70% of games.

If players/families are unable to uphold the attendance policy as noted above, they will not be considered for promotion onto a higher-level team. If a player on a higher-level team does not uphold the attendance policy, it may result in them being placed on a lower level team.

If players/families are unable to uphold the attendance policy, and as a result it negatively impacts the overall experience of the team, Weston Soccer Club can deny the opportunity to play in the following season.
